[Other ways to apply](#)

You can use this service to renew your British driving licence if you're 70 or over, or will be 70 in the next 90 days, and:

- your British licence has expired – or it's going to expire within 90 days
- you're a resident of Great Britain (there's a different service in <http://www.nidirect.gov.uk/index/information-and-services/motoring/driver-licensing/need-a-new-or-updated-licence/renewing-your-driving-licence/renewing-your-driving-licence-at-70-plus.htm>)
- you meet the [minimum eyesight requirement](/driving-eyesight-rules)
- you aren't prevented from driving for any reason

Once you reach 70, you must renew every 3 years.

You can change the licence photo at the same time as renewing your licence.

You cannot use this service to [renew a C1 \(medium-sized vehicles\) or D1 \(minibus\) entitlement](/driving-licence-renewal-after-45-lorry-minibus-bus) - you must do this by post.

## What you need

If you haven't used this service before, you need to register with:

- an email address
- addresses of where you've lived for the last 3 years
- your National Insurance number (if you know it)
- a valid UK passport number (if you want to change the licence photo)

<p><abbr title="Driver and Vehicle Licensing Agency">DVLA</abbr> will send you a confirmation email once you've applied. You might be asked to take part in research by email, but you can opt out.</p>

<h2 id="driving-while-dvla-has-your-licence">Driving while <abbr title="Driver and Vehicle Licensing Agency">DVLA</abbr> has your licence</h2>

<p>You can drive while your licence is being renewed if you meet all the following conditions:</p>

- <li>you have the support of your doctor to continue driving</li>
- <li>you had a valid licence</li>
- <li>you only drive under the conditions of the previous licence</li>
- <li>your application is less than a year old</li>
- <li>your last licence wasn't revoked or refused for medical reasons</li>
- <li>you're not currently disqualified</li>
- <li>you weren't disqualified as a <a href="/reapply-licence-revoked">high risk offender</a> on or after 1 June 2013</li>

some details about your current driving licence and your condition.

To search for the condition, you'll need to say what type of licence you have and confirm your entitlement to drive.

If you're checking for someone else, and you do not know the information about their licence, you can [check the A to Z list](/health-conditions-and-driving/find-condition-a-to-z) for the condition.

If you report your condition to [DVLA](#) through the service, you might need to give your GP or consultant's name and address.

## Use the service

You'll have one hour to add information once you start. You cannot save and return to your application later.

You can only use this service if you have a car or motorcycle licence. If you have a bus, lorry or coach licence, [check the A to Z list](/health-conditions-and-driving/find-condition-a-to-z) for your condition instead.

and photo to verify your identity.

You do not need to get your form or photo signed by someone else if you proved your identity using a UK passport or a share code.

The person signing the form and photo must:

- hold a valid Great Britain GB photocard driving licence
- be resident in the UK
- know you personally
- not be a relative
- not be living at the same address as you

Suitable people include a current or retired:

- business person or shopkeeper
- librarian
- professionally qualified person, for example a lawyer, teacher or engineer
- police officer
- bank or building society staff member
- civil servant
- minister of religion
- magistrate
- local councillor
- Member of Parliament, Assembly Member, or Member of the Scottish Parliament

If they're retired, you'll need to write their former job on the form, for example 'retired teacher'.

DVLA will contact the person who signs your application.

When you do not need your photo signed

You do not need someone to sign your photo if you've agreed to have

Driver and Vehicle Licensing Agency DVLA check your identity by:

- contacting HM Passport Office
- providing a current passport, travel document or biometric residence permit
- using a share code to show digital confirmation of your immigration status

You do not need someone to sign your photo if you're renewing your licence with a new photo.

Get your documents back

You'll get your driving licence and identity documents separately.

It may take longer than usual to get your licence and documents back because of COVID-19.

Identity documents are returned by second class post. Include a stamped, self-addressed

[special delivery](https://www.royalmail.com/personal/uk-delivery/special-delivery) or [Signed For](https://www.royalmail.com/personal/uk-delivery/signed-for-1st-class) envelope with your application if you want to track when your documents are posted.

Contact [Driver and Vehicle Licensing Agency](/contact-the-dvla/y/driving-licences-and-applications) DVLA if you have not received your licence or documents back.

[What do we mean by personal information?](#)

Personal information means details which identify you or could be used to identify you, such as your name and contact details, your travel arrangements and purchase history. It may also include information about how you use our websites and mobile applications.

[When does this policy apply?](#)

This Privacy Policy applies to personal information about you that we collect, use and otherwise process regarding your relationship with us as a customer or potential customer, including when you travel with us or use our other services, use our websites or mobile applications, contact our service agents or call centres and book to use our services through third parties (such as travel agents and other airlines).

Where we reference that others are data controllers in the sections 'Controller of Personal Information' and 'Who do we share your personal information with?' you should consult their privacy policies for further information.

Additional Terms and Conditions or policies may apply if you elect to take additional services from us such as making a Highlife purchase on board, using our on-board Wi-Fi or entering a competition linked to British Airways and other third parties.

[How can you keep your personal information secure?](#)

We take great care to protect the personal information you provide to us. You can read more about how we do this in our [website security policy](#)

target="\_self">Website Security Policy</a>. Here are some things you can do to keep your information secure.</p><div class="clearFix"></div>

### Keep your booking reference confidential</h3><p>When you make a booking, you will be given a booking reference (also known as a PNR or Passenger Name Record). This will appear on the email confirmation or ticket of each person in your booking. You should always keep your booking reference confidential.</p><p>Giving your booking reference to others may allow them to access your booking details through our systems.</p><p>If you are travelling with others and would not like your individual booking details to be accessible by them, you may prefer each person to make separate bookings.</p><div class="clearFix"></div>

### Keep your Executive Club number/ba.com registered customer log-in details confidential</h3><p>To make sure your access to our websites, other online services, and mobile applications is secure, you should not share your log in details with anyone else. When you finish using the website, online services or mobile app you should log out if others may be able to access your computer or device. This is especially important if you are using a publicly accessible computer.</p><div class="clearFix"></div>

### Be aware of and protect yourself against Internet fraud and 'phishing'</h3><p>There is an Internet fraud practice known as 'phishing' which is the illegal gathering of personal information by deception. Unsolicited emails are sent to individuals from lists illegally gathered by a third party, and recipients are asked to enter or reconfirm bank or password details into a 'cloned' or illegal copy website.</p><p>Please see our <a title="phishing FAQ" href="https://ukprepin.custhelp.com/app/answers/detail/a\_id/4290/" target="\_blank">phishing FAQ</a> (English only) for information about scam emails claiming to be from British&nbsp;Airways.</p></div>

### When and why do we collect 'sensitive personal data'?

Certain categories of personal information, such as that about race, ethnicity, religion, health, sexuality or biometric information are special categories of data requiring additional protection under European Union and UK data protection law and is referred to here as "sensitive personal data". Generally, we try to limit the circumstances where we collect and process sensitive personal data. Examples of where we may collect and process 'sensitive personal data' includes the following:

- You have requested specific medical assistance from us and/or an airport operator, such as the provision of wheelchair assistance or oxygen.
- You have sought clearance from us to fly with a medical condition or because you are more than 28 weeks pregnant.
- You have otherwise chosen to provide such information to us or it has been passed onto us by a third party such as the travel agent through which you made your booking.
- Biometric information (for example, facial recognition) may be collected during the security clearance process prior to, and after, flying with us.

In addition, you may have requested services (such as a meal) which is not 'sensitive data' but may imply or suggest your religion, health or other information.

[What do we use your personal information for?](#)

The main purposes for which we use your personal information are:

- To fulfil your travel arrangements and deliver the services you have asked for. [Show example](#)

- To send status updates and service communications to you. [Show example](#)

If you ask us to stop sending marketing communications, please note we will retain your personal information for the purposes of indicating that you do not want to receive marketing communications.</p>

<p>If you wish to change how we use your personal information, including exercising your right to be forgotten, please see section "What are your legal rights in relation to the personal information we hold about you?" and "How can you exercise your legal rights and change how we use your data?"</p></div>

What is our legal basis for using your personal information?

What is our legal basis for using your personal information?

British Airways will only process your personal information where we have a legal basis to do so. The legal basis will depend on the reason or reasons British Airways collected and needs to use your information. Under EU and UK data protection laws in almost all cases the legal basis will be:

- Because we need to use your information so that we can process your booking, fulfil your travel arrangements and otherwise perform the contract we have with you.
- Because it is in British Airways' legitimate interests as an airline to use your personal information to operate and improve our business as an airline and travel provider.
- Because British Airways needs to use your personal information to comply with a legal obligation.
- To protect the vital interests of you or another person.
- Because you have consented to British Airways using your information for a particular purpose.

More information on each legal basis is provided below.

If processing of your data is subject to any other laws, then the basis of processing your data may be different to that set out above and may in those circumstances be based on your consent in all cases.

[How long do we keep personal information?](#)

How long do we keep personal information?

We will keep your information for as long as we need it for the purpose it is being processed for. For example, where you book a flight with us we will keep the information related to your booking, so we can fulfil the specific travel arrangements you have made and after that, we will keep the information for a period which enables us to handle or respond to any complaints, queries or concerns relating to the booking. The information may also be retained so that we can continue to improve your experience with us and to ensure that you receive any loyalty rewards which are due to you.

We will actively review the information we hold and delete it securely, or in some cases anonymise it, when there is no longer a legal, business or customer

need for it to be retained. If you stop interacting with us as a customer, we will remove or anonymise your information after 7 years.

Third party service providers we are using to provide services that involve data processing, for example, to carry out marketing initiatives or run customer surveys on our behalf. Third parties, such as law firms and law courts, to enforce or apply any contract with you.

Third parties, such as the police and regulatory authorities, to protect our rights, property, or the safety of our customers, staff and assets.

We may provide usage information (but not your personal details) to other websites so that they know that you have visited our websites (see 'How we use cookies and other methods for the collection of website usage data' above).

We may provide usage information including your personal details to marketing agencies to deliver online advertising on websites or social networks.

If necessary to comply with a legal or regulatory obligation in any jurisdiction, including where that obligation arises because of a voluntary act or decision by us (e.g. our decision to operate to a country or a related decision).

If your booking of a package of a flight and other services (such as hotels) is with British Airways Holidays (or they are providing parts of your package) as set out in British Airways Holidays [Terms and Conditions](/en-gb/information/legal/package-booking-terms-and-conditions "Terms and Conditions"), your personal information is provided to both British Airways Plc and British Airways Holidays Limited.

We do not sell personal information to third parties, and we only allow third parties to send you marketing information where we have your consent to do so.

### What countries will your personal information be sent to?

Your personal information may be sent to and stored by us and third parties in countries outside the country in which you are located and outside the European Economic Area and the UK.

The nature of our business means it is often necessary for us to send your personal information outside the European Economic Area or the UK to fulfil your travel arrangements. This occurs because our business and the third parties identified in 'Who do we share your personal information with?' have operations in countries across the world. For example, where you are flying outside of the European Economic Area or the UK, your personal information will be transferred to border control and immigration outside of these territories.

In addition, we may transfer your data to parties in countries outside the country in which you are located to provide services to us.

This may involve sending your data to countries where under their local laws you may have fewer legal rights.

Where your personal information is transferred outside the European Economic Area or the UK because we are using a service provider in a third country, we will implement safeguards so that your personal information continues to be protected to the standards set out in this privacy policy.

If you would like more information on these safeguards, please contact the Data Protection Officer, British Airways Plc, Waterside (HCB3), PO Box 365, Harmondsworth, UB7 0GB, England.

### Legal statement for flights operated by OpenSkies

In accordance with Article L232-6 of French Internal Security Code, please be informed that air carriers may transmit reservation/checking and boarding data collected from their passengers (PNR/API) to the French national public services and competent authorities for the purposes and under conditions as defined in the Decret N°2014-1095 dated 26 September 2014.

[What are your legal rights in relation to the personal information we hold about you?](#)

What are your legal rights in relation to the personal information we hold about you?

Under data protection laws in the European Union and the UK, you have certain rights in relation to your personal information. Responses to exercise your rights will be provided within one month and generally there is no fee for making these requests. If your request is particularly complicated we may extend the deadline for responding to three months, but we will let you know if this is the case.

We will handle all requests in accordance with applicable law. However, depending on the right you wish to exercise, and the nature of the personal information involved, there may be legal reasons why we cannot grant your request. Further explanation of those rights and the exceptions to them are set out below.

Details of how to exercise your rights are set out in the section below "How can you exercise your legal rights and change how we use your data?"

Your rights include the following:

- You may request us to stop sending you marketing. To see how to change your permission to market please refer to "How can you change what marketing communications you receive and how you receive them?" which can be located in "When will we send you marketing?". If you do so we will no longer be able to send you marketing communications. However, if you subsequently book a flight with us we will need to send you communications about the

services you have booked to use, such as your travel. These communications will help you get the most from the services we provide and may also contain options and other details about the services you will be using (e.g. advance seating requests, additional baggage and pre-booked meals).

You may request us to stop using your personal information where we are doing so under legitimate interests (see the section “What is our legal basis for using your personal information” for examples of when that applies) unless it is needed for dealing with legal claims or we have other compelling legitimate reasons that override your rights.

You may request us to stop processing of your personal information for marketing purposes including analytics for the purposes of targeted marketing, including online advertising.

[Show example](/en-gb/information/resp-modalContent/information/legal/privacy-policy/target-marketing.html)

You may access the personal information we hold on you. There are some limited exceptions to this right, such as information relating to others who have not consented to the disclosure of their information and information which is legally privileged. Please see “Accessing your personal information” which can be located within “How can you exercise your legal rights and change how we use your data?” for more details.

You may ask us to correct the personal information that you have shared with us (the ‘right of rectification’) if that information is inaccurate. You may be able to update much of it yourself through your [ba.com account](http://www.britishairways.com/travel/echome/public/en_gb "ba.com account") area, including personal and contact details. If you spot any inaccuracies in the report that you can’t fix yourself, please email the details to [dpo@ba.com](mailto:DPO@ba.com "DPO@ba.com") or write. We are not able to amend any data that has been created as a result of a transaction with us e.g. flight history.

You may ask for personal information which identifies you to be removed (anonymised).

To do this the information that identifies you will be removed our active systems. However, a separate and restricted copy of the identifying information will be kept for 7 years to meet the obligations we have to law enforcement, national authorities and legal proceedings.

Considerations for removing/anonymising data:

We may need to retain certain elements that relate to a contract between you and British Airways because we need it for our own legal and auditing purposes (for more information on the basis on which we process your personal information see the section “What is our legal basis for using your personal information?”).

A record of your request including the personal information you supplied will be retained in the application used to carry this out for 3 years.

In some circumstances it may mean we will not be able to provide all or parts of the services you have requested from us in relation to previous travel or retain any preferences you have previously shared with us.

If you are a member of our Executive Club we will close the account.

We will be unable to anonymise your information if you are an authoriser of an On Business account as we require this information to deliver our contract

with you. If you wish to proceed you will need to transfer your On Business authorisation beforehand.

We cannot erase your personal information if you have either flown with us in the past 13 months or you hold a forward booking with us. For Legal reasons, we need to keep information linked to these flights. You may come back to us once this time period has passed and submit a request.

We cannot erase your personal information if we have identified that you either have an open complaint with us or we hold a previous case for you within the past 6 years. We are required to retain this information in case there is a need to re-open the complaint.

If you wish to change how we use your personal information, please use our [Permissions Centre](#).

We will ask for some information to identify you, which will only be used to process your request. We will verify your identity via email before continuing with your request.

Yes. You'll receive an eVoucher that equates to the full value of the original booking, cash and Avios combined, that you can redeem against future bookings. Please bear in mind you will not be refunded any Avios related to the original booking.

This does not apply to Avios Reward Flight, Reward Flight Saver, Companion or Gold Upgrade Voucher bookings as these are not eligible for vouchers.

### What can you pay for with an eVoucher?

You can use an eVoucher to pay for flights. You can't currently use it to pay for a BA Holidays booking online or extras, such as seating or baggage.

If you wish to redeem your eVoucher for a BA Holiday booking, please [contact us](https://www.britishairways.com/en-gb/information/help-and-contacts).

### Can you use an eVoucher on any route?

Yes, you can use an eVoucher on any British Airways marketed route with a BA flight number, apart from bookings on Sun-Air.

No, eVoucher holders don't need to travel on a booking made using their eVoucher. Although for security reasons, bookings made within four days of departure must include all eVoucher holders.

However, eVouchers issued directly from our Customer Relations team can't be combined with any other eVoucher.

### Can you combine eVouchers that are in different currencies?

We'll issue a new eVoucher covering the difference. You'll see this new eVoucher value before you pay for a booking, where you'll also be able to choose who receives it.

The new eVoucher recipient can be any passenger on the new booking and will be issued to their chosen email address.

### What happens if you book a flight that's more expensive than the value of the eVoucher?

You can find more on our&nbsp;<a href="/en-gb/information/incident/coronavirus/british-airways-holidays">British Airways Holidays Covid-19 information page</a>.</p>

<p>&nbsp;</p>

<p style="font-size: 16px;"><span style="font-weight: bolder; font-size: 1.6rem;">Can you use the voucher to pay some or all of the balance on an existing holiday booking?</span></p>

A voucher may only be redeemed towards a new British Airways Holidays booking made once you have received the voucher. Vouchers are not eligible to be used in payment or part-payment towards an existing holiday booking. You can find more on our [British Airways Holidays Covid-19 information page](/en-gb/information/incident/coronavirus/british-airways-holidays).

**When does the voucher expire?**

The voucher expires on 30 September 2023.

Your voucher can be used as payment, or part payment, for a new future booking. Your new trip booked using your voucher must be fully completed by 30 September 2023 (departure and return).

If you have an existing voucher with an expiry date prior to 30 September 2023, please note that your voucher will automatically be extended to 30 September 2023.

**Does the booking have to be made in your name?**

The voucher allows you to make a future booking in the name of the person on the original ticket. If you had multiple bookings each person will receive their own voucher to use. The voucher is non-transferable.

For flight + hotel and flight + car packages, one voucher per booking will be issued. The vouchers are non-transferable but we recognise that some of the original customers may no longer be able to travel - so we ask that the new booking contains at least one of the travellers from the original booking.

**What happens if you book a flight that's cheaper than the value of the voucher?**

We'll issue another voucher covering the fare difference.

**What happens if you book a flight that's more expensive than the value of the voucher?**

You'll need to pay any difference if the new fare is more expensive.

**Will the voucher have any new booking restrictions?**

Flights booked using vouchers will be subject to the new booking's regular Terms and Conditions. Please refer to the itinerary receipt you received at the time of booking or go to <https://www.britishairways.com/travel/managebooking/public>

target="\_blank">Manage My Booking for more information about your standard changes and cancellation options.

Alternatively, you can check information about options available to you should your [Manage My Booking](#)

href="https://www.britishairways.com/en-gb/information/delayed-or-cancelled-flights" target="\_blank">flight be delayed or cancelled</a>.</p>

<p>&nbsp;</p>

<p style="font-size: 16px;"><span style="font-weight: bolder;">Can your voucher be converted to a cash refund if your original flight is subsequently cancelled?&nbsp;</span></p>

<p style="font-size: 16px;">No, if you have taken a voucher it cannot be converted to a cash refund in the event that your original flight does not operate.</p></div>

<h3 class="asHeadingFour">Severe allergic reactions

(anaphylaxis)</h3><p>Severe allergic reactions on board are rare, but if you

suffer from a severe allergy always speak to your doctor before you book to discuss potential risks and how you can minimise becoming ill on your trip.

Here are a few examples of how you can prepare:

- Your epinephrine/adrenaline auto-injector should be carried in your hand baggage. This should be accompanied by a letter from your doctor or a copy of your prescription to present to airport security personnel.
- If you have been prescribed an epinephrine/adrenaline auto-injector like EpiPen, Anapen, Twinject or Jext make sure you carry this with you in your hand baggage. Take an emergency treatment plan and a letter signed by your doctor with you to minimise delays at airport security.
- Clearly label your medication to show who it should be administered to.
- You will be able to pre-board when you present your medical letter for the epinephrine/adrenaline auto-injector to staff at the gate. This will allow you to wipe down your seating area to help prevent inadvertent contact with allergen traces. Passengers must bring their own suitable wipes.
- When boarding the aircraft you must inform cabin crew of your food allergy.
- Advise cabin crew and the people seated next to you of your allergy, where you have placed the medication and what to do in an emergency. Our cabin crew can speak to people seated near to you to help explain your allergy.
- Ensure your medication is easily accessible throughout the flight, e.g. place it in the seat pocket or on you personally.
- Cabin crew are trained to recognise symptoms of anaphylaxis and administer treatment but if you are travelling with family, friends or guardians, they would be expected to treat you first.
- Wear a medi-alert bracelet.

[Spraying the cabin](#)

Spraying the cabin

We are required by the World Health Organisation (WHO) or local Health Authorities to spray the inside of the aircraft before arrival into certain destinations to prevent the risk of insects spreading highly dangerous diseases, such as malaria and dengue fever.

On routes where we are required to spray, cabin crew will advise that spraying is about to take place. This will give you the opportunity to cover your eyes and nose if you wish. The spray clears from the aircraft in a few minutes.

#### Contents of the insecticides

The sprays contain synthetic pyrethroids, which are widely used. The World Health Organisation (WHO) assesses the safety of insecticides and recommends the use of the following synthetic pyrethroids:

- Phenothrin, which has lethal effects on domestic insect pests. It is used against mosquitoes, houseflies and cockroaches.

<li>Permethrin, which is a broad spectrum insecticide used against a variety of pests.</li>

</ul>

<p><span style="font-size: 1.6rem;">For flights to Australia, the aircraft must be sprayed prior to departure from Singapore with a Permethrin insecticide spray.</span></p><div class="clearFix"></div>

From normal term plus 6 months old until they reach their first birthday, they will require medical clearance.

In both cases please [contact PMCU](#pmcu) prior to booking.

Babies with any significant condition, such as cardiac disease, or any other condition requiring medical support, e.g. oxygen, medication, treatment during flight, should be discussed with [PMCU](#pmcu) prior to booking.

Travellers' thrombosis (DVT)

Traveller's thrombosis or Deep Venous Thrombosis (DVT) is a blood clot that forms in a vein, usually in the lower legs. Research has confirmed that if you are sitting in an aircraft, car, bus or train for more than four hours the risk of a blood clot forming may increase.

### Factors increasing the risk of DVT include:

- being over the age of 40
- suffering previously from DVT or a pulmonary embolism or someone in your close family suffering from it
- use of oestrogen-therapy, oral contraceptives ('the Pill') or hormone-replacement therapy (HRT)
- pregnancy
- recent surgery or trauma, particularly to the abdomen, pelvic region or legs
- cancer
- some inherited blood-clotting abnormalities and other blood disorders.

If you think any of the factors above may affect you, seek medical advice before travelling. Your doctor may advise that compression stockings or anti-coagulant medication can help to avoid the possibility of DVT.

### You can reduce the risk of DVT by:

- drinking normal amounts of fluid
- avoiding alcohol and caffeine
- avoiding smoking
- avoiding crossing your legs when you're sitting down
- taking a walk around the cabin regularly
- standing in your seat area and stretching your arms and legs
- doing regular foot and leg exercises during the flight
- wearing loose-fitting, comfortable clothes when you're travelling.

### If you recently had a DVT:

If you recently had a DVT but have been discharged from hospital and your condition is resolved you should be fit to fly. Please [contact PMCU](#pmcu) to advise if you need to get medical clearance.

seat, and an adult would require two extra seats.</p>

<p>(including connecting flights to and from long haul segments)</p><div class="clearFix"></div><p>Customers requiring therapeutic oxygen on short haul flights will be required to make their own provisions for all short haul segments of their itinerary. Acceptable therapeutic oxygen provisions are

outlined below. Customers need to obtain [medical clearance](/en-gb/information/travel-assistance/medical-conditions-and-pregnancy#medif "medical clearance") for approval of their own therapeutic oxygen provisions. Medical forms should be despatched to the medical clearance team a minimum of 7 days prior to departure.

#### Acceptable therapeutic oxygen provisions:

- Customers may bring a FAA approved portable oxygen concentrator (for more information please visit the FAA website <https://www.faa.gov/>).
- Customers must have sufficient battery provision for 150% of the flight duration (accounting for unexpected delays).
- Customers need to obtain [medical clearance](/en-gb/information/travel-assistance/medical-conditions-and-pregnancy#medif "medical clearance") in advance to bring a portable oxygen concentrator. Medical forms should be despatched to the medical clearance team a minimum of 7 days prior to departure.
- If your reservation is booked through British Airways but is operated by another airline, please check their own criteria for accepting portable oxygen concentrators on-board.

#### Oxygen Cylinders

- Customers may bring oxygen cylinders, providing they are manufactured specifically for the purposes of containing and transporting oxygen.
- Each cylinder and its contents must not exceed 5kgs in weight.
- Only one customer per flight will be permitted to bring their own oxygen cylinders on board.
- British Airways Health Services will advise on the volume of oxygen customers should bring during the [medical clearance](/en-gb/information/travel-assistance/medical-conditions-and-pregnancy#medif "medical clearance") process.
- Cylinders, valves and regulators, where fitted, must be protected from damage that could result in inadvertent release of the contents.
- Liquid oxygen and oxygen generators are forbidden on board the aircraft.

- Customers need to obtain [medical clearance](/en-gb/information/travel-assistance/medical-conditions-and-pregnancy#medif "medical clearance") in advance to bring their own oxygen cylinders. Medical forms should be despatched to the medical clearance team a minimum of 7 days prior to departure.

#### Long haul flights

We can only provide in-flight therapeutic oxygen to one person on board so if you need to use oxygen you must book it in advance. It's important to contact the Passenger Medical Clearance Unit to check availability prior to booking your flights. Please note we cannot provide oxygen on the ground at an airport.

On board our Airbus A380 and Boeing 787 aircraft we offer the Avia Technique Pulse dose cylinder: Oxygen is provided 'on demand' and your Doctor will need to confirm that you can use this.

There is no charge for in-flight therapeutic oxygen.

<p>If therapeutic oxygen is required, you will need medical clearance to fly. Please allow the <a title="medical clearance" href="/en-gb/information/travel-assistance/medical-conditions-and-pregnancy#medif" target="\_self">medical clearance</a> team 48 hours to process your request. Medical forms should be sent to the team a minimum of 7 days prior to departure.</p></div>

Boeing launched the industry's digital transformation and continues to apply and scale the latest technologies to put new capabilities in the hands of warfighters at the speed of relevance.

From virtualizing and simulating requirements to digitally engineering and fine-tuning designs ahead of build, and using data insights to solve maintenance issues before they arise, customers continue to rely on Boeing to stay ahead of rapidly evolving threats.

Safety is the primary consideration when Boeing engineers design an airplane. In addition to meeting regulatory requirements before certification, each airplane model must meet Boeing's time-proven design standards, which are often more stringent than regulatory requirements.

Our processes help ensure the safety of all the teammates who design and build our products, the passengers who fly on them and the people who service them.

From commercial airplanes to military aircraft and spacecraft, our commitment and approach to safety and quality extend across all of our products and services.

# Our People

alt="A painter in full safety gear." height="221"/>

&nbsp;

Nothing is more important at Boeing than safety — in the workplace and in the products we design, build and support. The Safety Guiding Principles provide a framework to achieve the goal of zero workplace injuries — so every person who works at, or visits, a Boeing site leaves as safe and healthy as when they arrived.

Boeing's workplace safety program, Go for Zero, is a holistic approach to preventing sickness or injuries at work and at home, stemming from the belief that every injury is preventable.

Achieving zero injuries is a constant endeavor. By continually identifying gaps and measuring progress using industry standard approaches, Boeing's internal compliance requirements often exceed those set by government regulations.

Every employee has the responsibility to make safety and quality top priorities. Through valuing human life and well-being above all else and taking action accordingly, Boeing will continue to foster an open culture where people are empowered and encouraged to speak up about any concerns with the assurance that they will be taken seriously.

<div class="row"><p>NASA, the United States, and the space industry are
building increased access to and commercialization of opportunities in low Earth
orbit; a return to the moon's surface by 2024 - this time to stay; and sustainable
exploration of deep space, including the moon and Mars. We are committed to
NASA's Artemis program and to&nbsp;the National Space Council's vision for
continued American leadership and international partnerships in space.</p>
<p>Research underway on the <a href="
http://www.boeing.com/space/international-space-station/"
target="_blank">International Space Station (ISS)</a> that we built and sustain
is enabling humans and technology to operate in space for months at a time.
Commercial spacecraft such as our <a
href="http://www.boeing.com/space/starliner/" target="_blank">CST-100
Starliner</a> will open a market for tourism and manufacturing in low Earth
orbit, while increasing research conducted on the ISS. That will allow NASA and
its partner agencies to focus on deep-space exploration missions.</p>
<p>You'll need the most powerful rocket ever built to get people and massive
payloads to the moon and Mars. NASA's <a
href="http://www.boeing.com/space/space-launch-system/"
target="_blank">Space Launch System</a> is the size of a 38-story building
and will produce 8.8 million pounds of maximum thrust at launch. We're
providing its avionics, core stage and upper stages to support NASA's Artemis
moon missions and make the next generation of human spaceflight
possible.</p>
<p>We're designing a <a href="http://www.boeing.com/space/international-
space-station/#/gateway" target="_blank">Gateway</a> for cislunar space -
the region between the Earth and the moon - to be a testbed and hub for robotic
and crewed missions to the lunar surface and eventually to Mars. And we're
conducting studies on surface modules and other technologies for lunar
exploration.</p>
